

$$\text{Total Value} = \text{Quantity Produced} \times \text{Price}$$

The diagram illustrates the relationship between Total Value, Quantity Produced, and Price. The equation is written in green text. Red lines and arrows indicate the flow of information. A red line underlines 'Quantity Produced' and 'Price'. From the underline of 'Quantity Produced', a red arrow points down to the text '3 different types of jade'. From the underline of 'Price', a red arrow points down to the text 'Only have data for prices at emporiums'. A red line also connects the text 'Only have data for total quantity produced' to the 'Quantity Produced' term in the equation.

3 different  
types of jade

Only have data for  
total quantity  
produced

Only have data for  
prices at  
emporiums
